Stiffer Credit Terms Go In Effect Monday

15-Month Limit Put On Pay-Offs

New And Used Autos, Home Appliances, Furnishings Covered

WASHINGTON, Oct. 14 (AP)—Considerably tighter credit terms become effective Monday on installment purchases of automobiles, furniture, television sets, and other major household appliances.

And they'll hit a vastly greater volume of purchasing by applying to items costing as little as \$50. Curbs applied less than a month ago touched nothing under \$100.

The new tightening-up order issued last night by the Federal Reserve Board, contains terms on automobile sales as stiff as any applied during World War II. New and used cars and trucks are affected equally.

The pay-off limit will be cut from 21 to 15 months, with the cash downpayment remaining one-third. That will boost monthly installment payments on an \$1,800 car from \$57.15 to \$86, excluding carrying charges.

The minimum down payment on television sets, radios and other appliances will be hiked from 15 to 25 per cent, and the pay-off time cut from 18 months to 15.

On a \$300 television set the downpayment will be at least \$75 in place of the present \$45 minimum. Monthly payments will be \$15 instead of \$14.17, excluding carrying charges.

Other appliances affected: Refrigerators, food freezers, stoves, ranges, dishwashers, ironers, washing machines, clothes driers, sewing machines, vacuum cleaners, air conditioners and dehumidifiers, phonographs and radios.

The down payment on furniture and rugs will be from 10 to 15 per cent, and the pay-off limit will shrink from 18 months to 15. The down payment on a \$200 sofa will be \$30 instead of \$20.

Installment loans for buying controlled goods will have to be paid off in 15 months instead of the 18 months allowed before.

In tightening up on the terms the board said it acted because of upward pressures on prices. Both moves are aimed at checking inflation and saving materials for defense.

A new protest was expected from retail dealers who only Thursday complained that the Sept. 18 terms had hurt sales particularly of used cars and furniture.

Chairman Thomas B. McCabe of the Federal Reserve Board called the credit terms crackdown an effort to hold the line until the government can impose higher taxes to balance its budget and halt pumping of new money into the buying stream.

He said the credit tightening also would help maintain the purchasing power of the dollar—which a Reserve Board member, Marriner S. Eccles, said Thursday has shrunk to 58 cents.

Pottery Wage Parley Waited

Conferees Will Leave City Over Week End

Labor and management spokesmen will head for New York City over the week end to lay the groundwork for negotiations on the pottery industry's working agreement.

The National Brotherhood of Operative Pottery, which petitioned a re-opening of the contract, will send its conference committee of 50 or more Sunday so that a pre-conference caucus may be held Monday.

The United States Pottery Association, representing employers, expects its 25 to 30 negotiators will leave Monday night, hold a pre-conference session Tuesday morning and then start negotiations with the N.B.O.P. Tuesday afternoon.

Termed a full-scale conference, the meeting will take up wages, working conditions and a pension plan that has been discussed for several years.

Fund Drive To Raise \$59,783 Starts Monday

The 1950 Community Fund drive—seeking \$59,783 to support six agencies—will get rolling bright and early Monday morning. Team captains, and as many of the volunteer workers as can make it, have been invited to turn out at 8 o'clock for a kickoff breakfast at the Travelers Hotel.

The idea is to get out as many as possible, especially the team leaders, so that supplies can be passed around and any questions answered about campaign procedure.

Officials expect about 60 to come to the breakfast. All together there are more than 200 volunteers helping in the campaign.

General chairman is B. E. Warner, who earned an Oscar in last year's drive as captain of the team which brought in the largest amount of money in the Men's Army.

Working alongside him will be the heads of the divisions into which the campaign force has been broken down.

Each division has been assigned a share of the \$59,783 goal. How successful each one is in raising its share will determine the success of the Fund.

One of the divisions—Special Gifts—has been at work for about a week contacting large contributors. This group is under the direction of Mrs. J. A. Bryan and Mrs. John Golding, co-chairmen.

The important Industrial Division, which handles solicitations in industries, has Everson Hall and Robert E. Boyce as co-chairmen this year. Labor participation is in charge of James M. Duffy, James B. Moss and James Mullen.

Maniac Attacks Union Found Six In Detroit, Guilty, Fined Still At Large On Contract

Women And Children Main Targets Of Man Roaming District

DETROIT, Oct. 14 (AP)—A madman suspected of fiendish attacks on six persons was sought in Detroit today.

Last night going from house to house he beat and terrorized women and children in a series of savage attacks with a metal club.

Six persons—including four women and a boy and a girl—were hospitalized. Five of the group were reported in serious condition from skull fractures.

The terror was on Detroit's northwest side in an outlying residential neighborhood.

Police mobilized for a manhunt. At the same time, mental institutions were checked to learn if a dangerous inmate had escaped.

All the attacks were made before midnight. All the victims were at home or on their way home.

Three were members of a family group who were attacked at their home. The others were assaulted at their homes or on the street.

Descriptions of the assailant, police said, gave reason to believe the same tall man in a grey coat was involved in all the assaults.

From reports of the victims the man possibly was armed with a pipe wrench or a similar instrument.

Mt. Carmel Mercy Hospital reported three of the victims—Mrs. Dorothy Julian, 47, her son Robert, 12, and her mother Mrs. Viola Brezski, 63—suffered depressed skull fractures.

In other attacks 10-year-old Norma Friedman was beaten in her bedroom and Mrs. Katherine Clatcher, 31, and Mrs. Blanche Cameron, 65, were slugged on the street at or near their homes.

Mrs. Clatcher, who suffered a possible skull fracture, is the mother of seven children and is expecting an eighth child.

Yanks Take Kumchon In Hard Fight

Resistance Rugged On Road To Capital; Ships Stop Shelling

TOKYO, Oct. 14 (AP)—American troops seized Kumchon today in a roaring battle on the southeastern approaches of Pyongyang, the Korean Communist capital.

And on both the east and west coasts of central Korea's narrow waist, Allied carrier planes raked Red targets.

But there was no further word on the big task group led by the battleship Missouri, which smashed supply lines from Soviet Siberia on Korea's east coast Thursday and Friday.

Except for the U. S. First Cavalry Division's capture of Kumchon, there was a drought in reports of ground action.

Major General Hobart R. Gay of the First Cavalry announced the capture of Kumchon, a communications center 11 miles north of Parallel 38.

General Gay expressed surprise at the number of tanks the Reds produced for the battle on three sides of Kumchon. Nine were knocked out. Several days ago in commenting that 'these cookies are beaten,' General Gay said the Reds had only small arms, mortars and land mines.

A captured Red lieutenant said the North Koreans were trying to fall back on Namchonnim, 13 air miles northwest of Kumchon. Heading that way was another First Cavalry Division spearhead.

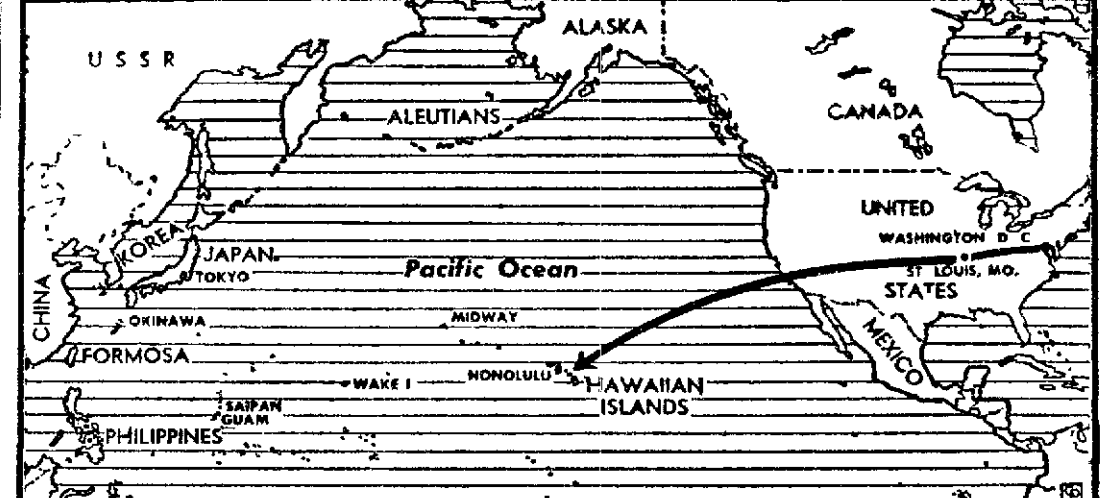

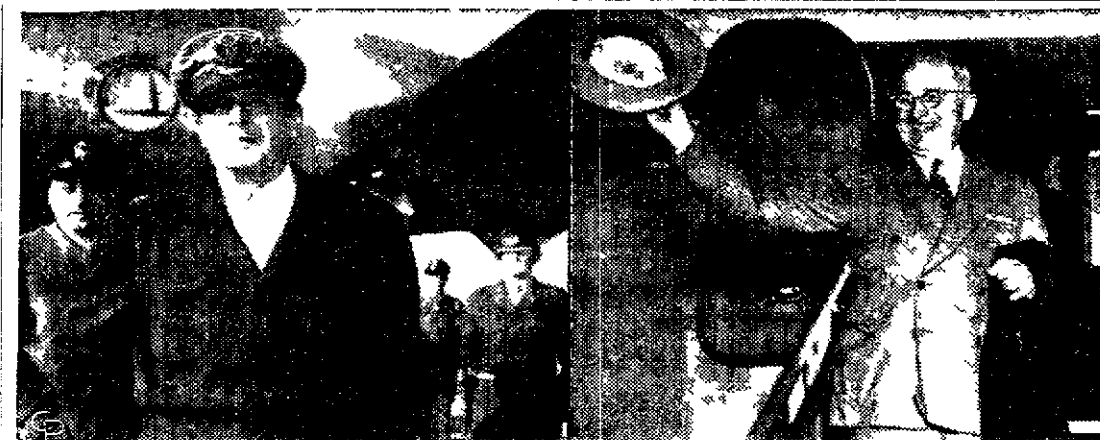

The cavalrymen were supported by British and Australian troops. Allied fighters and bombers roared over the Reds ahead of the spearheads. A spokesman said they have bagged two of the nine destroyed Red tanks.

General Gay heartily praised his troops. He said the First Cavalry Division's breakthrough from the old Pusan beachhead in southeast Korea in mid-September to Kumchon was 'the most rapid advance ever made in the history of American arms.'

Although Kumchon is in Allied hands, some fighting is raging south and southeast of the city. Counterattacks by Communists in regimental strength were rolled back.

On the east coast, South Korean columns headed north from captured Wonsan toward the big chemical center of Hamhung.

The main force supported by carrier-based planes was more than three miles north of Wonsan, 50 air miles south of Hamhung. This is on the east coastal road heavily hammered by the roving 37-ship task force headed by the Mighty Missouri.

French Appeal For Aid Studied By U.S. Chiefs

Want Three Billion To Help Build Up Strength In Europe

WASHINGTON, Oct. 14 (AP)—France was assured today of substantial American aid in building up its military strength, but may have to settle for much less than it requested.

Moreover, American officials reportedly want a part of any help given France to go to native troops fighting beside the French against Communist forces in Indochina.

French Defense Minister Jules Moch yesterday laid before top American officials a plan for tripling France's armed force in Europe over the next three years, coupling it with a plea for \$3-170,000,000 in military assistance by the end of 1951.

The reaction of Secretary of State Acheson, Secretary of Defense Marshall and Secretary of the Treasury Snyder was reported to be that the French were asking too much. This view was held by some congressmen.

Commando Raids On Korea's Coast Revealed By Navy

TOKYO, Oct. 14 (AP)—Two British Commando raids on North Korea's east coast only 65 air miles from the Siberian border were disclosed today.

Vice Admiral C. T. Joy, commander of naval forces in the Far East, said British Royal Marines destroyed two bridges and a tunnel in lightning hit-and-run raids Oct. 7 and 8.

The Marines went ashore in rubber boats from two U.S. destroyers.

On the night of Oct. 7, the Commandos landed at Kyongsong, just south of Chongjin, the big industrial center bombarded this week by 37 warships.

The operation at Kyongsong was the nearest to the Siberian border. Twenty-three hours later they struck 100 miles to the south near the city of Songjin.

Soviet Sector Of Berlin Goes To Poll Sunday

Resounding Election Of Reds Anticipated; It's One-Party Show

BERLIN, Oct. 14 (AP)—Soviet-ruled East Germany holds its first big election tomorrow, but there's no speculation on the results. The voters only have one set of candidates—70 per cent of them Communists.

With no opposition to think about, East Germany's rulers have beaten the propaganda drums to insure a massive turnout mingling persuasion with stark threats.

Political observers, therefore, expect some 95 per cent of East Germany's 13 million voters to troop to the polls and endorse the hand-picked slate—virtually the same government which appointed itself on the founding of the East German Peoples' Republic a year ago.

The United States government yesterday officially branded the election a "sham" which "will simply amount to a forced show of hands for the government in power."

West German Chancellor Konrad Adenauer called it a "shocking rape, not only of human right but human dignity." Soviet officials said it would be the most democratic election in Germany's history.

The Communists took steps to insulate their election even more from any taint of opposition by forbidding West Berlin residents to enter the eastern zone over the week end.

A recent "ration card plebiscite" held by West Berlin city officials indicated to some degree the extent of anti-Red feeling in East Berlin. A total of 275,712 residents from the eastern sector mailed their old ration cards to West Berlin in response to a call for them to show in this manner their opposition to communism.

In addition to the travel ban, East German authorities ordered the East Berliners to do a "volunteer" day's duty on Election Day—expected to keep them busy and prevent any possible dissidents from entering the east zone.

President's Arrival To Launch Talk

U.S. Policy In Asia To Be Threshed Out In Historic Meeting

HONOLULU, Oct. 14—President Truman winged toward Wake Island today for a momentous meeting with General MacArthur.

The President took off from Honolulu's Hickam Field at 5:25 a. m. (East Liverpool time). His plane, the Independence, is expected to hop the 2,300 miles in nine hours, arriving about 2:30 this afternoon (East Liverpool time).

General MacArthur awaits him. Wearing his neat but undecorated uniform, a worn leather jacket and familiar braided cap, the United Nations commander arrived on the tiny mid-Pacific island from Tokyo at 1 a. m. (East Liverpool time).

The President is accompanied by his top military and civilian advisers. The general took only a few aides and John J. Muccio, U. S. ambassador to embattled Korea.

It will be a historic first meeting of the two men on that barren coral reef so gallantly defended early in the Pacific war by a small band of U. S. Marines. But it's likely to have a common, folksy touch, too.

General MacArthur had his corn-cob pipe with him, as usual. The general didn't leave a long list of instructions with his Tokyo staff for carrying on the final stages of the Korean war or for the complex duties of the Japanese occupation. He asked only:

Be sure and flash me the results of the Army-Michigan game.

It will be the first face-to-face (Turn to MEETING, Page 3)

'Strained Relations' Jail 2 In Fight Charge

Two relatives who hadn't spoken to each other for three years met in downtown East Liverpool Friday night and exchanged—instead of pleasantries—enough swings to get jailed on fighting charges.

George Washington Boley of the Y. & O. Road told the story today to Judge George L. Brokaw. He said he encountered his uncle, Ellsworth Judy of St. Clair township, who hadn't spoken to him in three years.

"But instead of saying anything, he just hit me and I hit back," Boley told the court.

Judy, a trucker, was ordered haled into court for a hearing. He was released on his own recognizance to appear at 9 a. m. but failed to show, police said. Boley's \$15 bond was continued. The two were arrested at 8:45 p. m. on East Sixth St. by Patrolmen Robert McBane, Charles Winters and Louis Stutler, officers reported.

Lions Area Governor Addresses City Club

"Understanding" is the key to industrial strife and many other problems that have arisen with the machine age and the production line, the Lions Club was told Friday noon at its weekly luncheon in the Travelers Hotel.

The formula was laid down by Kenneth E. Glasgow of Creston, district governor of Lions Clubs, in an address during an official visit to the local club.

"Technological advances—substituting power and machinery for human hands—has created many problems in the century since 1850," Mr. Glasgow said.

"Understanding between worker and management is the key to industrial peace, just as understanding between man and his fellow man overcomes many barriers," he added.

Clubs like Lions International have gone a long way toward filling the need for unselfish service, Mr. Glasgow asserted.

Mr. Glasgow was introduced by Attorney Harry Brokaw. The club also heard a short talk by S. S. McCormick of Steubenville, its zone chairman. Another guest was Andrew Longo, a member of the Steubenville club.

Motorists Rush To Settle Parking Tickets Long Due

Motorists holding old parking tickets that date back as far as a year started streaming into Police Headquarters today to settle for the "bargain rate" of \$1.

The alternative, under a warning issued Friday by Police Chief L. J. Wise, is to wait until officers swear out warrants to force them to appear and then pay \$6 costs in addition to the usual \$1 penalty.

Patrolman Albert E. Kittredge, desk officer, said the dilatory defendants started the march on headquarters shortly after 8 this morning. Seven had paid the overdue penalties within the first 90 minutes and the rush was growing steadily.

The police warning went to 91 motorists who have ignored from one to 14 tickets. Although most are accused of only one or two violations, several have five and six outstanding.

In his warning, the chief said that those who do not pay promptly will be listed in affidavits filed in Municipal Court.

After the warrant is issued, that means \$6 costs plus the usual \$1 to clear the ticket. In a similar cleanup a few months ago, drivers accused of more than one violation were required to pay the costs only in the first case, then settle the balance at \$1 apiece.

Yugoslavia Indicates Bishop May Go Free

BELGRADE, Yugoslavia, Oct. 14 (AP)—Yugoslavia handed out a broad hint today it would like to release Roman Catholic Archbishop Alojzije Stepinac from prison if and when he promises to leave the country.

The government, through its official news agency, Tanjug, took the unusual step of denying that it had denied stories published abroad saying the government was ready to free Stepinac if he agreed to get out of Yugoslavia.

Weirton Steel Balloting Set

Men Will Vote At 17 Polls In Union Test

WEIRTON, Oct. 14 (Special)—Pittsburgh Regional Director Henry Shore of the National Labor Relations Board said final arrangements have been made for the Weirton Steel Co. employees' balloting on union representation Oct. 24 and 26.

He said 17 polling places will be set up for the 11,800 workers in the Weirton and Steubenville plants in the test between the C.I.O. United Steelworkers and the Independent Steelworkers.

Field Examiner Elmer E. Hope will be in direct charge of the election. Observers for both unions will be on hand to assist him. The ballots will be counted at 10:30 a. m. Friday, Oct. 27 at the Fort Steuben Hotel in Steubenville.

The ballots will ask production and maintenance workers if they want to be represented by the Independent Steelworkers, the C.I.O.-U.S.W. or neither.

Both unions have waged vigorous organization drives since the federal courts ordered the former Weirton Independent Union dissolved last Summer. The courts found that W.I.U., which formerly represented Weirton workers, was company dominated.

Both unions claim to have signed up a majority of the Weirton employees.

Weirton workers now are paid an average of about \$1.85 an hour, compared to the \$1.70 average earned by members of the C.I.O. union.

Meeting

meeting of the President and the supreme American commander in the Far East. They will confer both before and after dinner, then depart after issuing a communique.

Pausing yesterday at Hickam Field, Mr. Truman told a lunch-hour group of officers and others: "I am not one of those who think there is another war inevitable. I am just as sure as I stand here that the people behind the Iron Curtain are just as anxious for peace as I am."

I am just as sure as I stand here that if the truth could be gotten to these people, there would be peace in the world. We are going to get the truth to those people, and we won't have to do it with guns, I am sure."

Mr. Truman gave an idea of how he proposes to use the MacArthur conference as the basis for important foreign policy talks in San Francisco Tuesday night and before the U. N. General Assembly in New York Oct. 24.

He said that at San Francisco he will tell the world what our policy is as it affects the world and would peace.

And before the U. N. he will try to drive the matter home in such a way that we may begin to arrive at a situation where we can have world peace and not world war. That is my sole ambition.

Union

(Continued from Page One)

for three days under its provisions before it struck.

Union officers telephoned company officials after the meeting, saying the union had accepted the contract and would sign it. The company already had signed it.

Before the union signed the contract and then refused to sign. The company claimed a verbal contract existed, and that it had been breached under the Taft-Hartley Act to the firm's damage.

No contract existed, the union insisted because it had been signed by the company only, and not by the union.

Union officials swore on the stand that no ballot had been taken on accepting the contract, and that the men merely had decided to try the new arrangements out for a few days to see if they liked them.

The company, in rebuttal, presented several former members of the union to testify there had been a secret ballot on the contract while they were present, and that the union officers announced to the meeting the contract had been accepted and the men would go to work under it.

During the trial the union made a strong but unsuccessful effort to get Judge John H. Drut to dismiss the international union as party defendant on the ground it could not be a party to such contracts under union rules.

Bert H. Long, defense attorney, announced he would appeal.

The company ordinarily employs about 300 men, President Peter E. Rentschler of Hamilton said. It had been operating since soon after the strike with employees other than members of Local 68.

Motorist Plays Tag With 2 Deer But One Is 'It'

John M. Finley of Georgetown thought he was seeing double Wednesday night when a couple of deer bounded into the path of his car as he was driving north on the Hookstown-Georgetown Road.

He swerved to miss the one only to hit the mate. It was a tossup which came out of the mishap in worse shape—the car or the deer. Mr. Finley was uninjured.

The injured deer had to be destroyed later by the game warden. Mr. Finley, a cashier at the First National Bank in Midland, was en route home at the time.

2 Memorial Park
Lot Holders Seek
Neglect Damages

Owners of the Columbiana County Memorial Park Association were sued for \$8,175 in damages today at Lisbon by two lot holders who claim neglect in maintaining the cemetery.

The plaintiffs are Myrtle Biggins of Cortland, Trumbull county, and Charles Stewart of New Springfield, Mahoning county.

Defendants are William J. Powell and Elmer J. Powell of the Memorial Park Association and the Powell Realty & Development Co.

The petitions claim burial lots purchased by the plaintiffs are without market value because the defendants have failed to maintain the cemetery properly.

They charge further the defendants are indebted to Columbiana county for delinquent real estate taxes the amount of nearly \$4,000 and are in imminent danger of foreclosure proceedings.

Mrs. Biggins asks \$5,500 for 21 lots purchased in 1936, while Mr. Stewart is asking \$2,675 in damages for 15 lots also purchased in 1936.

They claim in the Common Pleas Court action the Memorial Park Association promised proper maintenance when it purchased the 50-acre tract and platted it into 6,500 burial lots for resale.

Driver Who Crashed Auto, Truck Fined \$50

Scout creed of honesty, initiative, reverence for God, devotion to country.

In East Liverpool Chester and Newell, there are more than 350 boys in the big Scout family from Cubs to Seniors. Something like 100 adults give their time to serve as cubmasters, scoutmasters, pack committeemen, troop committeemen—all the adult guidance necessary to devise and administer a program.

New units spring up from time to time, and boys flock to them. The hardest job Scout officials say, is to find the adult leaders to give their time and energy to planning, administering and supervising units.

Scouting in operation is a game, the leaders explain—a game that teaches skills while entertaining builds character through doing as compared to teaching.

The gang spirit is retained but in the Cubs it becomes a den, in the Scouts it becomes a patrol, in Senior Scouts it becomes a ship or a post or a squadron.

Pals still run together, work together, have fun together. But there is a point to what they do: an objective to be accomplished. They camp to learn self-reliance, they do signaling to learn teamwork, they practice first aid to learn to keep cool in emergencies.

Good Scouts, their leaders say, have taken the early steps toward becoming good citizens.

Most of the local units which the Community Fund finances are sponsored by churches because reverence for God is a respective of denomination is given a prominent place in the Scout program.

Mass camping in the last couple of years has been done at Fredricktown an ideal outdoor setting. For still bigger programs, there is the Boy Scout reservation at Lisbon. Overnight hikes and daylight tramps usually cover historical trails with which this vicinity abounds.

Community Fund dollars invested in Scouts pay first-class dividends—better boys.

Mobilization Lever

THIS is a proper occasion to remember that Franklin D. Roosevelt and his advisers were looking for an excuse to take the initiative in 1941 when Japan attacked Pearl Harbor and dissolved their dilemma.
General Omar Bradley, chairman of the joint chiefs of staff, has announced a goal of 2,100,000 men under arms by next June. That would be half again as many as were under arms last June, before Korea.
There now is no ceiling on military spending. There is no resistance to Selective Service, calling up the National Guard, calling up reservists, and unlimbering the Navy and the Air Force. The country is mentally prepared for economic controls to insure maximum war production.
Instead of drifting into an eventual showdown with the Soviet Union in a state of unpreparedness, the United States has set its face toward a showdown on its own, not on Russia's, terms. The government has obtained a mandate to collect higher taxes, to make a clean break with the whole concept of appeasement, and to enjoy the prerogatives of emergency leadership.
There has been a transformation without precedent and with no declaration of war. For those who never have been satisfied with any of the other reasons advanced for the sudden decision to defend Korea, the Truman administration's need for a mobilization lever to move the nation off dead-center is worth considering.

New Political Divisions

IT SHOULD HAVE CEASED to be surprising by this time that party lines in politics have been scrambled since the presidential election of 1932.
Certainly it should not be surprising that the Ohio showdown between those who want Robert A. Taft re-elected to the U. S. Senate and those who don't is more than a showdown between Republicans and Democrats.
Mr. Taft's friends in the election are Ohioans who want to preserve the principle of legislative independence. His opponents are Ohioans who want to pack Congress with legislators who will represent them exclusively. They want to set up one-party government.
The significant thing about the senatorial election, so far as Democrats are concerned, is that the only way they can save their party is by defeating those who control it.
At various times, and depending on varying points of view, it has seemed that the key to the outcome of the senatorial election was the over-all size of the union-directed vote, the size of the Republican vote, or the proportion of these votes which would go to Mr. Taft or his opponent.
It may well be that a more important key will be the size of the Democratic vote which will go to Mr. Taft, against the labor-union strategists using the Democratic party label to defeat, if possible, the principle that a legislator in Congress should not be owned outright by an pressure group.
If Ohio Democrats who have supported Joseph T. Ferguson as a party candidate for state auditor are unable to support him for election to the Senate, that will be a very important key in the Ohio election of 1950. By this time every Democrat in the state must know that the people behind Mr. Ferguson are not there as Democrats. They are there because they believe Mr. Ferguson will cut out of their hands if they can send him to the U. S. Senate instead of the man already on the job.

Heaven For Bureaucrats

ALFRED EDWARDS, the long-time British socialist who was expelled from the Labor party in 1949 for insisting that its program had failed, has a special message for Americans.
It is hard in this country to pin down the idea of socialism and make an issue of it. But it is easy to pin down the idea that more and more people are being added to public payrolls and make an issue of that. Millions of jobholders mean high taxes and red tape. America has seen how it works.
Mr. Edwards, who has been lecturing in this country about the failure of his country's socialists, points out that the British are being ruled very extensively and very inefficiently by their own public jobholders, and that the latter are multiplying like rabbits. The Labor party program has failed because it is heaven for British bureaucrats and they are no different from bureaucrats anywhere else.
If it were not for the economic plasma being continuously transfused into the dying experiment from the wealth of the United States, Mr. Edwards thinks the whole thing would collapse overnight.
It is reassuring to be told by someone who formerly believed otherwise that the giveaway state is heaven for bureaucrats, but for no one else.
There are approximately 1,500 railroad tunnels in the United States. Their aggregate length is about 320 miles.
The ox-eye weed is related to the sunflower.

Behind The News

By George Sokolsky
Let Them Make Their Own Mistakes
DEAR Harold Stassen:
I have long pondered your letter to Joe Stalin. I am sure that you were sincere when you wrote it, and I know that you took counsel of many wise men.
Yet, to me, your letter to Uncle Joe represents more enthusiasm than wisdom.
In the first place, the responsibility for the conduct of our international relations is vested in the President of the United States and his secretary of state. They cannot shirk that responsibility. Unless a citizen is delegated by the President to negotiate with a foreign power, he has no authority. Whatever he says is private conversation. There is even a law forbidding citizens to take such a task on themselves.
We want to hold the President and the secretary of state responsible for the business that the constitution delegates to them. If their policies are sound and come out right, they are deserving of commendation. If their policies are wrong and come out awry, we should criticize and condemn them.
It seems to me that in this respect, all you can do is muddy the waters. It is like that bipartisan foreign policy which so many Republicans thought would save the world. The most that was bipartisan about it was the sharing of blame for some of the most egregious errors in our history.
No Republican was consulted with regard to the abandonment of Chiang Kai-Shek. Great Britain was consulted, but not the Republican party; yet the Republicans have to share the blame for it—all except those who denounced it.
IN THE second place, we are at war with Soviet Russia. Joe Stalin is our enemy. American boys are dying in Korea because Joe Stalin is our enemy.
Now, you might get technical on me and say that we are not at war with Joe Stalin at all, but that the United Nations is unifying Korea.
Please don't say that to me! Neither the South nor the North Koreans ever produced a fighting force that even remotely resembled the power that the North Koreans are displaying. This was a Russian job, and at Seoul, the Koreans followed the Stalingrad pattern.
And from their arms, equipment, bombs and mines we know that the Russians used them, as they are using the Viet Minh in French Indo-China, the Armenians in Iran, and so on.
So, we are at war with Joe Stalin. I wonder what you would have thought of a private American citizen who, during our recent efforts to save the world for democracy, entered upon personal negotiations with Hitler or Mussolini?
Talking with Stalin may be more fun than a conversation with Hitler, although Stalin back in 1917 at the Smolny Institute, seemed to be a dull, self-centered person with few social graces. Still, he may have developed over the years and Elliott Roosevelt, who should be a connoisseur of companionship, apparently found his society delectable.
Nevertheless, what could you say to him? You would, according to your letter, tell him that the United States will not go broke. Such bad news could not please him. Nor could you give him any guarantees one way or the other.
This Korean war is costing us about 10 billion dollars. How many tens of billions do we have to load on top of our national debt of 256 billion dollars? Stalin can count, too.
THEN YOU will tell him that we love peace. Now, precisely, what do you think the United States would gain by that?
General Douglas MacArthur is so much wiser. He reads the Lord's Prayer to the tune of "Praise The Lord And Pass The Ammunition". I bet that Joe understands that perfectly.
He knows that a couple of swift kicks in the underside will destroy his prestige for invincibility. But when he is told by a prominent Republican candidate for the presidency in the midst of actual fighting that we love peace, he can figure that there is enough anti-war feeling in the United States so that he might risk trying to bang the living hell out of the American people.
It seems to me that, as a Republican, you ought to let Harry Truman be president of the United States and Dean Acheson, secretary of state—and let them make their own mistakes.
They will do well in that direction, I am sure, without your aid.
Yours,
GEORGE E. SOKOLSKY

Our Lazy Citizens

By Raymond Moley
IN THE C.I.O.-A.F.L. campaign vs. Senator Taft, the issue will be decided by the extent to which voters who believe in Senator Taft's principles get out and vote.
In past campaigns these people have not been voting. And if, as a result of this election, their savings, their businesses and professions are further endangered by a drift to socialism, they will have nobody but themselves to blame.
Proof of this is shown in figures compiled by the Ohio Republican State Headquarters. In a great industrial plant in Ohio, where the Labor League will probably bring 90 per cent of its member voters to the polls, 35 per cent of the white collar voters were found to have neglected to register.
This is probably true in hundreds of other plants, although there has been a big increase in registration everywhere.
In 1948, the record of voting of these groups, which would normally be Republican, was disgraceful. They think and talk Republican, but on Election Day they are missing.
A test of bank employees shows that in 1948, 26.7 per cent failed to register, and of those who did register, a great many failed to vote.
Ministers of the gospel, who might be expected to show a decent example of responsible citizenship, did worse. One-third of them did not vote. And of their faithful wives, 38 per cent failed to vote.
Automobile dealers, who are of the very essence of the free enterprise system so seriously threatened by the Fair Deal, helped Mr. Truman by staying away in droves. One-third of them failed to vote, and 40 per cent of their wives did not vote.
Chamber of Commerce members, 21.9 per cent strong, who probably regularly attended meetings at which Mr. Truman was denounced as a destroyer of business, failed to do anything about it on Election Day.
One out of five country club members found golf and highballs more alluring than the support of their principles on voting day.
Incidentally, the best voting record of all those compiled was that of Kiwanis and Rotary Club members. They turned out 90 per cent strong.
This means that civic spirit is something more than a name and that it can be developed.
These people who are shirking their responsibilities are precisely the people who have most to lose by the growth of the super state, by heavy taxation, by government handouts and by creeping socialism.
Again and again, it is shown that Fair Deal candidates who continue in their support of the Truman machine and the labor bosses get into office by some where between 20 and 30 per cent of eligible voters.
There were undoubtedly majorities for Mr. Willkie and Mr. Dewey in three elections, but they did not vote.
It remains to be seen whether these lazy citizens will permit Senator Taft to lose this election.

Vatican Seen World's Greatest Clearing House
THE VATICAN today is one of the greatest clearinghouses of information from all over the world.
That is the real reason, Rome circles believe, why the United States considers establishing full-time diplomatic relations with Vatican City.
Some diplomats who object to such relations because of the religious question involved admit privately that "nowhere else in the world is it possible to get so much concise, detailed information".
From all corners of the world, about 2,000 reports a week reach the Vatican from some 3,000 archbishops and bishops and 300,000 priests. The reports, especially those from eastern Europe, arriving by devious and unpublicized means, provide some of the most detailed information ever collected in one place.
In 66 countries, papal representatives work for the Catholic Church. Also, 43 countries have their own ambassadors or ministers at Vatican City, including the exiled governments of Lithuania and Poland.
The church depends on reports from its clergy and from papal nuncios and delegates to maintain its defense against communism and chart the progress of Catholicism in the social field.
The reports form the background for the 24-hour-a-day, 15-language broadcasts beamed to every corner of the world from the Vatican radio.
Russia, Czechoslovakia, Poland and other countries under Communist domination have paid Vatican radio as much attention as the Voice of America—rated by efforts to jam the Catholic Church's messages to its cut-off faithful.

The President's Visit To The Pacific

By David Lawrence
WASHINGTON
The purpose of course is to offset, if that is possible, the antagonism to a foreign policy which last January announced that Korea would not be defended and then reversed itself in June without giving a word of warning to our military chiefs as to the obligation to fight that would be imposed on them.
The casualties of more than 20,000 since last summer attest to the tragic side of our unpreparedness. More than 50 billion dollars were spent in five years for defense.
The President, as the commander-in-chief and chief executive, is responsible for lapses in both military policy and foreign policy. It is natural that he should take the stump now to defend his administration.
It is natural, too, that he should seek to bask a bit in the glamor that surrounds the great general in the Far East.
After all, with the exception of Stalin, there is no other man in the world that President Truman could visit with such spectacular publicity in the press, with pictures and newsreels and nationwide radio hook-ups to tell about the adventure.

The incident really had the significance in world affairs that the announcement seeks to convey, then the secretary of state, Dean Acheson, would or should have gone to the meeting.
It just isn't accepted that Mr. Truman is so conversant with the details of the important questions alleged to be under consideration that he can sit in for his own secretary of state.
Conversely, if the men who are accompanying the President to advise him on matters of foreign policy—Messrs. Averell Harriman, Assistant Secretary Dean Rusk and Ambassador Philip C. Jessup—are the people who really make foreign policy nowadays, it tends to rank Secretary Acheson as of much less consequence than his opponents believe him to be.
While the last few hours have given an opportunity for wide conjecture, certain bits of news have been released which throw more light on the whole subject.
FIRST, IT was disclosed at the White House that the idea of the trip was born aboard the presidential yacht on the recent week's cruise and hence was not the carefully conceived plan of anybody in the Department of State or the Department of Defense, where it might have been suspected that policies of such major character would originate.
The hasty summoning of Messrs. Harriman, Rusk and Jessup to pack their suitcases and get aboard a plane to travel halfway around the globe to participate in a conference for which

So Much For Optimism

By Truman Twill
EVERY year just before Election Day—when the stuff peculiar to the people who play politics with knives and clubs begins to fill the air—some Americans get heavy-hearted about their country's future.
If this is the best we can hope for, they say, things are going to go from bad to worse. If this brazen contempt for the rightful dignity of a free people is getting to be a way of life, the game isn't worth the shame it leaves in its wake.
But there are better things to hope for than this. Here is one citizen of a free country who believes everything is going to work out for the best—and who believes it for reasons that are in plain sight.

Once Over

By H. I. Phillips
Letters For Special (?) Delivery
DEAR UNCLE SAM:
So next week will be National Letter Writing Week, with the slogan "Letter writing makes people happier!" I am sorry, but I won't be able to help much.
Monday I am observing National Say It With Smoke Signals and National Pony Express Day. Tuesday will be my National Mailman, Whatever Became of the Mailman Day.
Wednesday I shall be tied up starting More Cobwebs On Street Corner Mail Boxes Month. On Thursday I expect to be in conference on Enjoy a Runaround by Congress Week to be observed jointly with a U. S. Post Office Department Scuttle the Mails Month.
I might possibly get around to National Letter Writing Week by Friday, but I think not, as my agenda shows I have to observe that day as America's Drop Me a Letter and Leave Delivery to Chance Day.
Saturday I expect to be all tied up with a group of disheartened letter writers and receivers who are planning a What's The Use Week for November and a National Let's Pile the Undelivered Letters Higher in Every Post Office Month during December.

SO YOU WILL see that there is little chance of me playing around with you on Letter Writing Week.
I not only shall be too busy, but too amused by any proposal to get the public to write more letters when it can't get the ones it writes now delivered with anything approaching traditions of the American Post Office system.
I suspect somebody is tossing somebody around. Surely the Post Office Department, Congress and Washington in general can't be serious in urging National Letter Writing Week when they have all combined to side-swipe, blitz, hamstring and rabbit-punch a once great postal service to a point where it has become a mockery of the past.
The mail service has been scuttled as never before, with deliveries cut down, mailmen laid off post office windows closed early and the correspondence of a nation allowed to pile up mountain high in countless post offices.
And now comes National Whip Up Some More Correspondence Week! Is Postmaster General Donaldson's face straight? Is Congress grinning?

YES, LETTER writing makes people happier, as the posters now adorning the post offices proclaim. But not when the writers know the letter they drop to Aunt Minnie 50 miles away on Tuesday may not reach her until the week end.
Not when businessmen, long accustomed to getting an important letter through in 24 hours, hum "It may be for years and it may be forever" as they drop a letter into a mail chute. In the present troubled days letters can be tremendous morale builders, but Congress and Mr. Donaldson have ignored the fact entirely ever since June.
Why not put on a special delivery stamp? That so often makes the letter slower in arriving than the regular mail, you know.
But why am I writing this letter to you? You won't get it for ever so long. Maybe never. Not until Congress and the Postmaster General have declared a Let's Face Facts and Show Some Horse Sense Week.
Yours dejectedly
Elmer

Potters Down Lehman, 19-7, To Snap 3-Game Losing Streak

O'Hanlon Scores Two In Final In EOAC Win

Recalling from three straight reverses, the Potters punched out a pair of quick touchdowns in the fourth quarter Friday night to defeat Lehman High, 19-7, in an Eastern Ohio Athletic Conference game at Canton's Fawcett Stadium.

A slim crowd of less than 5,000 spectators were on hand as East Liverpool climbed back into the EOAC race. However, New Philadelphia whipped Canton Timken, 21-7, for its second loop triumph. The Potters have a 1-1 league record, having bowed to the unbeaten Quakers who rule the roost. Lehman and Timken share the basement with a loss each in a single start.

In chalking up their second victory of the season in five outings, the Blue and White tallied the first touchdown in the opening period, gave up the lead, 7-5, on Lehman's TD and successful conversion early in the second, and then roared back in the final chapter to wrap up the verdict.

End Don Glenn scored on a 28-yard pass from Eddie Oliver to climax a 68-yard drive in the first quarter, but he missed the attempted placement.

The Polar Bears bounced right back to march 69 yards from the next kickoff with Right Halfback Bob Sweitzer ramming over from the one to knot the score. He hit pay dirt on the third play of the second period. Fullback Jack Nichols booted the extra point from placement to give the Bears a 7-6 lead.

The score stood that way until the Potters generated a 54-yard drive midway in the fourth session. Fullback Len O'Hanlon bored across from the two-foot line, his first of two TD's, to put the Blue and White back in the lead. Glenn's kick was good.

Oliver set the stage for the third Potter tally a few minutes later. The Bears received the kickoff and elected to try the air route. The decision backfired when Oliver snagged a Dick Yant aerial on the Lehman 23. He was bumped out of bounds on that stripe.

The burly tailback, however, skirted right end for 21 yards to the two, and O'Hanlon crashed over for the tally.

Only seconds later, with time running out, a fourth touchdown was called back.

Lehman again took to the air after receiving the kickoff. The alert Oliver again intercepted, this time on the Bears' 30, and he raced down the sidelines to score. But officials ruled he stepped out of bounds on the 10. The game ended before a series of plays could be run off.

The Potters made three other deep penetrations into Lehman territory. They clicked off 43 yards in the second period to tie the Bears 11, but an offside penalty nullified an Oliver-to-Bob Sullivan aerial that had carried 21 yards.

Another Oliver aerial, this time to Dan Skaleski good for 53 yards, went for naught when the drive fizzled on the Lehman 18. And again in the third a push was stopped on the Canton 16.

The Bears, who held more than their own in the first half but who were outplayed in the closing chapters, also had other chances to cross the last white line.

They muffed an opportunity in the opening period when they drove to the Potter 32. Bob Arnold roared back 32 yards with a punt to put the Bears in motion that time.

Another threat was quelled late in the second period when Glenn pounced on Nichols' fumble on the Potter 21 after the Bears had driven 59 yards from their own 21.

In the statistical department, the Potters rolled up 13 first downs against Lehman's nine and completed 13 of 25 passes for 168 yards. The Bears tried 10 aerials and completed seven for 82 yards. They had the edge in rushing, 146 yards to 137 for the Potters.

Leetonia Whips County Foe, 28-0

COLUMBIANA, Oct. 14 (Special)—Leetonia climbed into the .500 class here Friday night when the Bears clawed out a 28-0 victory over Columbiana.

Their second triumph in four starts, the Bears tallied in the second, third and fourth quarters, two TD's coming in the final session.

It was the fourth setback in five games for the Clippers.

Left Halfback Joe Guido stole the limelight with touchdown dashes of 27 and 42 yards, a four-yard buck and two placekicks.

After a scoreless first quarter, Guido broke loose for 27 yards and the first Leetonia score. He missed the conversion.

In the third, Guido capped a 71-yard drive by crashing over from the four. He kicked the point. Later in the period, Right End Roy Davis tossed Don McBride in the end zone for a safety.

Fullback Clem Tatora plowed over from the three to climax another Leetonia drive in the fourth period, and Guido converted. Guido then topped off the scoring by interlocking a Clipper pass and scooting 42 yards to score his third touchdown.

Ellwood City Pins 20-12 Defeat On Midland

Lisbon Rips Rival, 40-13, In 4th Win

SEBRING, Oct. 14 (Special)—Lisbon's unbeaten gridiron machine flattened Sebring, 40-13, here Friday night in a Tri-county League game.

In roaring to their fourth triumph against a tie, and third league victory, the Blue Devils racked up three touchdowns in the first period, two in the second and topped off the rout with another tally in the final stanza.

The losers, who never were in contention, posted scores in the middle periods.

Coach "Bud" Bucher sent his entire squad into action as Carl Steitz scored three times and booted four extra points. Clayton Brown romped into the end zone for a pair of tallies and Gary Pike notched a single TD.

Steitz reeled off a 22-yard dash in the first period, and Brown followed with a 32-yard sprint to the 12. Steitz then skirted left end for the score. He converted.

A blocked punt was recovered on the Sebring line, and Brown plowed over on the second play. Steitz again converted.

In the same period, Brown returned a punt 32 yards to the Sebring 28. Pike capped the push by going over from the four.

Sebring then put on one of its few drives. Youmans passed the last two yards to Joe Tucker to climax a 45-yard march.

Dean Rose intercepted a pass and returned eight yards to the Sebring 32. Steitz later bucked over from the 12. He kicked the point to make the score 27-6.

In the same quarter, Steitz snagged a Sebring aerial and dashed 50 yards to score again. His kick was no good and the half ended, 33-6.

Joe Tucker got loose for a 20-yard scamper to the Lisbon 10 in the third period, and Schenk scored from the four. Conny booted the point.

A Pike-to-Steitz pass clicked for 45 yards in the fourth quarter, and Brown finished the drive by skirting left end. Steitz' kick was good.

Lisbon led in first downs, 14 to 8.

Queen's Attendant Wellsville Girl Chosen

THESE three coed queens will beam down today on Hiram College's homecoming game with Grove City College.

And one of them is a Wellsville product — Miss Louise Patterson.

Lined up in this photo, they are (left to right) Rosemary Jo Keys of Mentor-on-the-Lake, Alice Vild of Cleveland and Miss Patterson.

Miss Vild is the homecoming queen, elected by seniors on the football squad, and Miss

Keys and Miss Patterson were chosen as her attendants.

At Wellsville, where she was graduated in 1947, Miss Patterson was a member of the Yearbook staff and was in the National Honorary Society. At Hiram, where she is a junior, she is treasurer of Sigma Mu Sigma, treasurer of the Woman's Athletic Association, a member of the Y.W.C.A. and a staff member of the Yearbook.

Her parents are Mr. and Mrs. George A. Patterson of Wellsville, R.D. 1.

Army's Joust With Michigan Holds Top Spot

NEW YORK, Oct. 15 (AP) — Army, heir apparent to Notre Dame's perch atop the college football world, clashes head-on with Michigan—a team that could cause trouble—today at the Yankee Stadium.

Although there is a day-night doubleheader in Dallas, pitting Texas against Oklahoma and Southern Methodist against Oklahoma A. & M., the Army-Michigan games shapes as the best in the country.

One good reason is that the Wolverines will present Army with its first big test of the campaign. If the cadets polish off the visitors decisively, they'll cement their spot as the nation's No. 1 eleven.

Michigan, upset by Michigan State, will not be disposed to roll over and play dead in the face of the Army's skunk of 22 unbeaten point underdogs, win, it will scramble the national standings like eggs.

What about Notre Dame? The Irish, now completely out of the limelight since their string of 39 games without a loss was broken by Purdue last week, face Tulane, and will be favored by 14 points.

Although the South Benders have been counted out by the experts—at least insofar as the remainder of the year's action is concerned — Frank Leahy & Co. wasted no time in promising to start another streak.

In Dallas, it will be extravaganza day and night. Three of the teams scheduled to take the field rank in the first four in this week's Associated Press football poll.

Oklahoma, No. 3, will attempt to lengthen the longest winning streak in the nation by going after No. 24 against Texas (No. 4). In the night contest, Southern Methodist (No. 2) rules a 21-point choice over Oklahoma A. & M.

About 130,000 spectators are expected to watch the two games at the Cotton Bowl. After the Texas-Oklahoma affair, the bowl will be emptied, cleaned up, and promptly filled again.

Other than those four games, the day's card is without important contests. All the sectional and national leaders seem to have drawn breathers.

A Miller-to-Johnson pass that covered 50 yards set up the invaders' only serious threat. Johnson took the short pitch over the line and raced to the six-inch line where Fullback Earl Herrington pulled him down. The Bulldogs braced and held for downs.

Herrington set up the second Palestine TD in the third when he broke loose for 40 yards to the Poland 12. Tom Meek scored from the three on a quarterback sneak.

Midway in the final period, the Bulldogs pounced on a Poland fumble on the visitors' 35, and after Herrington plowed to the 20 Palestine drove to the five from where Davis scored.

At Cleveland, the Indians said they will try to hook up with another Class AA Club.

Leopards Take To Air To Score On Winners

Midland fell to its second defeat of the season Friday night when an invading Ellwood City eleven pinned a 20-12 setback on the Leopards.

The Leopards' vaunted forward wall wilted in the face of the superior charging line of the visitors as it sprung fast moving backs loose on long touchdown gallops.

Patsy Friello, a sub, touched off a 70-yard drive in the first period when he swept around from the 18 to score the first of two Ellwood City touchdowns in the opening period. Carl Tommaro, who later caused most of the trouble for the Leopards, plunged for the extra point.

Only a few minutes later in the first quarter, Tommaro wiggled loose and scampered 84 yards to pay dirt. Fullback Jerry Cowan plowed over for the extra point and the invaders led, 14-0.

The Leopards, who tallied both of their markers through the air lanes, opened up their overhead game in the second period. Tom Lindsay passed to Dave Reider for 19 yards to cap a 35-yard drive, but Gene Martell missed the try for the point from placement.

Ellwood City came back to drive 65 yards for its third tally, Tommaro streaking the last 36 yards for the touchdown. Cowan was stopped on the try for the point.

The half score, 20-6, stood until the fourth stanza despite threats by both teams in the third. Midland penetrated to the Ellwood 20 but stalled, and the invaders pounded to the Midland 10 and were held for downs.

The Leopards again used the air route for its second TD. Claude Stewart, sub halfback, passed to Reider and the speedy tailback sprinted 42 yards for the touchdown. Martell's kick was blocked on the try for the extra point.

Midland came out even with the winners in first downs with eight apiece, but the Ellwood City backs rolled up an amazing 339 yards from scrimmage to 78 for the Leopards.

Wars are always going to be expensive pastimes and the present conflict is no exception, and as long as we are going to police the whole world, then a large part of our income must go to the government to pay the bill. Along with tending to curb inflation it is a idea to pay our bills as we go along. Already we have seen too much of trying to pass on to posterity the bill we have accumulated.

You probably have already noticed, too, that a number of people are coming back again and again for service work at Hays Motors. It seems that most everyone likes to deal with us and this is usually an indication that when you bring your car here for service you can be sure that it will receive the utmost care and will be worked on by experienced mechanics.

Fairfield Wins Third By 39-6

SALINEVILLE, Oct. 14 (Special) — Undefeated Fairfield Township held a stranglehold on the six-man team County League today after trouncing Salineville, 39-6, here Friday afternoon for its third straight victory.

Lawrence McCullough took the opening kickoff and rambled 70 yards for the Indians' only score. It was Salineville's third defeat.

Charles Pahanish then scored three times and Joe Bender, a sub, duplicated the feat. Pahanish raced 20 and 56 yards in the first period and 51 yards in the second to put the Comets ahead, 19-6, at the half. He took a pass from Babe for the extra point after his 56-yard dash.

Bender plunged from the one and again from the seven in the third quarter, and capped the TD parade with a two-yard buck in the fourth. Weber dropkicked the extra point following the last touchdown.

Quakers Post 5th As Bengals Drop No. 4

Wellsville made a futile attempt to crack Salem's unscathed record Friday night when the Quakers made the Bengals their fifth straight victim, 24-0, at Reilly Stadium in Quakertown.

The Orange and Black, who dropped their fourth game in five starts, tested the Salem line only 11 times and finished up with a minus one yard for their efforts. They gained 28 but lost 27 in the process.

Coach "Chuck" Sell, apparently, instructed his field general to fill the air with passes, which he did. Quarterback Bob Mundy, who tossed most of the overhead thrusts, flipped 27 and completed 10 for 143 yards.

Most of the nine first downs compiled by the Bengals were the direct result of passes.

The Bengals moved into Salem territory three times—in the first, third and fourth periods. A Mundy-to-Kenny Brophy aerial clicked for 12 yards to the Quaker 38 in the opening session.

A 15-yard penalty against the Quakers put the Bengals on the Salem 38 in the third and another Mundy-to-Brophy pass connected to the Quaker 38 in the fourth stanza. Each time, however, the attack bogged down.

Meantime, the Quakers rolled along the ground for 324 yards and 128 through the air lanes. Jim Callahan hitting the target six times in 14 attempts. Fourteen first downs were racked up in the process.

The Quakers scored once in each period. A 60-yard drive in the first quarter was culminated when Callahan pitched five yards to End Jay England.

Midway in the second period, Fritz Roth swung around end to score from the five to climax a 42-yard march, which was put in motion by Fullback Jim Ference who ripped off a 3-yard gallop.

With the piskin resting on the middle stripe in the third quarter, Callahan unworked a 35-yard stride to England who took it in stride on the 15 and raced over.

After Mundy had pitched to Brophy for gains of 17 and 30 yards that carried to the Salem 38 in the fourth quarter, Tom Boone intercepted the next Mundy pass on the 37. On the first play, Nelson Meilinger wheeled around left end and rammed 63 yards for the final TD.

Yankees Receive \$5,737 Each For World Series Win

CINCINNATI, Oct. 14 (AP)—Baseball Commissioner A. B. Chandler Friday split up the players' share of the receipts from the World Series.

The Philadelphia Phils, National League champs and losers to the Yanks in four straight games of the World Series, allotted full shares of \$4,081.34 to 32 members of their roster. Nine others came in for partial shares.

Walter Mulberry, secretary of baseball, who made the announcement of the split, said the shares were "a little on the low side" but he explained it was due to the fact players of both clubs were generous in deciding who should share in the money and for how much.

The split did not include any part of the \$975,000 derived from the sale of television and radio rights. Mulberry said a final decision on that would not be made for some little time.

The other first division finishers in both leagues also came in for a share of the spoils.

Detroit's runner-up tigers in the American League split full shares of \$1,042.23 among 31 men with partial shares going to 11 others. The third place Boston Red Sox gave out 31 full shares of \$736.93 and there were six partial shares. Fourth place Cleveland had 31 full shares of \$347.41 and 10 partial shares.

In the National League, runner-up Brooklyn allotted 30 full shares of \$1,228.18 and seven partial shares. The third place New York Giants had 31 full shares of \$736.93 and there were six partial shares. The fourth place Boston Braves split their money into 35 full shares of \$334.66 and four partial shares.

The University of Arizona tennis team closed its regular season with a record of six victories and one tie.

People, People Everywhere Dallas Is Big Traffic Jam With 2 Top Games, Fair

DALLAS, Oct. 14 (AP)—Mix the traffic of Times Square with the fun-seekers of Mardi Gras, and the rah-rah spirit of the old grad day of the "Big Game" and you've got Dallas today.

Between 200,000 and 300,000 persons have swarmed into the city for two football games, matching four unbeaten teams, and the State Fair of Texas.

The city was literally crawling—at a snail's pace—toward the fair grounds, focal point for the thousands of pleasure-bent visitors.

It is here that the University of Texas and the University of Oklahoma, the third and fourth ranked teams of the nation, meet this afternoon. And here tonight the No. 2 team in the nation, Southern Methodist, plays Oklahoma A. & M.

It is here the State Fair unfolds its mid-century exposition, featuring highbrow exhibits, prize-winning cattle, one of the biggest roller coasters in the country, and Sally Rand.

It is here that "South Pacific," a fabulous musical show, is playing to capacity crowds.

You couldn't get a hotel room for any price, and rooms in private homes were going fast.

Night clubs and lounges were packed and cafes were swamped. Traffic moved through the narrow canyons of Dallas' downtown with the speed of a burro.

The vanguard of the crowd moved in yesterday, when officials estimated 100,000 extra people had crowded into this city of nearly a half-million.

Police expect the biggest traffic jam in history after today's game, when outbound automobiles mingle with incoming cars for the night game.

There were no reports of ticket scalping, but people were openly trying to buy ducats to this afternoon's game. Newspaper advertising columns carried appeals for them, offering cash, apartments, and assorted items in exchange.

Ohio State Favored To Take Indiana In Big Ten Tilt Today

CHICAGO, Oct. 14 (AP)—The Western Conference football title race steps up the tempo today with three important games.

Ohio State, a strong pre-season favorite, opens its league action at Indiana after a loss to S.M.U. and 41-7 walloping of Pitt a week ago. Wisconsin invades Iowa, and twice-beaten Minnesota begins league work at undefeated Northwestern.

Illinois got the Big Ten weekend program off last night with a 14-6 victory over U.C.L.A., before 45,619 fans in Los Angeles Memorial Coliseum.

Other engagements today send Michigan against Army in New York, Miami, Fla., to Purdue, William and Mary to Michigan State, and Notre Dame against Tulane at New Orleans.

Ohio State is a two-touchdown favorite over Indiana. But the Hoosiers, who finished last in their first two encounters. They held Nebraska to a 20-20 tie and then defeated Iowa, 20-7 in their conference opener. Indiana today plans to unveil sophomore Gene Gorman from Duquesne, Pa., heralded as one of the best backs the Hoosiers have had in the last decade.

Iowa has been working hard on pass defense and hopes to upset Wisconsin. Wisconsin is a one-touchdown favorite.

Unbeaten Northwestern, with wins over Iowa State and Navy, rated a seven-point edge over Minnesota.

Purdue, whose prestige was balanced last week with a 28-14 win over Notre Dame, and co-state champion Michigan launch their conference campaigns next Saturday against Iowa and Wisconsin, respectively.

By The Associated Press

Unbeaten, untied Follansbee stunned Weirton's defending State Class A champions 13-0 Friday night.

Bull Wins Right-Of-Way Dispute With Fire Truck

MILFORD, Calif. (UP)—When Ben Beard, forest ranger, was driving a light truck to a fire in the mountains near here, he was confronted by a bull which wouldn't be awed by a waving shovel or a horn blast.

Driving in low gear, the ranger met the bull in combat and lost. Head to hood and bumper to horns, wheels spinning and the bull heaving—Mr. Beard's truck was pushed back 10 feet.

Not to waste time while the forest burned, Mr. Beard backed out and headed for the fire over another route.

the gridiron since 1933. Since the start of the series the New Yorkers have won 19 games to 10 with one tie.

The emergence of Joe Ford in the top spot among the forward passers has greatly strengthened the Pittsburgh single wing attack. With a strong running game the Steelers may upset their old rivals.

The Giants, with the brilliant, powerful line and a number of outstanding backs including Forrest Griffith, a freshman who in his start last week gained 87 yards on 16 attempts, have one of their best teams in years.

The Bears, smarting under the setback received from Green Bay two weeks ago, hope to avenge the reverse with the passing and running ace Johnny Lujack, and the ground gaining George Gulyanics, playing principal roles.

Gene Ronzani has Billy Grimes, Larry Coutre and Tony Canadeo as his principal ground gainers, and Tobin Rote and Paul Christman, as his passing experts to send against the Bears.

Cleveland, second to the Giants in the American Conference, led by Otto Graham, expert passer, and supported by the speedy running Dub Jones and the passing catching stars, Mac Speedie and Dante Lavelle, will meet the Cardinals in a game that has been getting stronger each week.

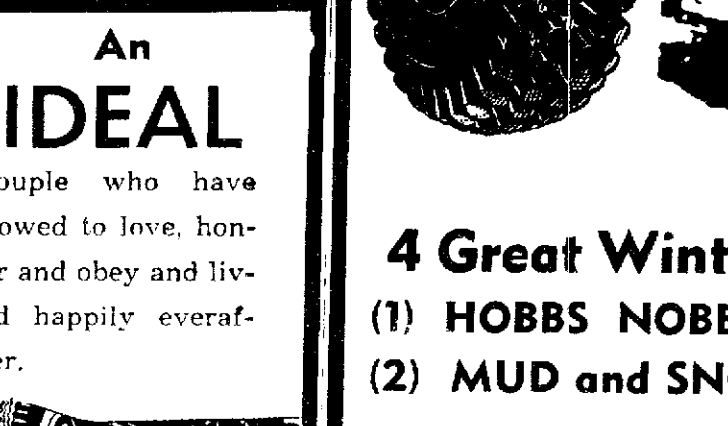

Curly Lambeau, with such great backs as Pat Harder, Elmer Angsman, and Charley Trippi, along with the passer Jim Hardy, and receivers Bob Shaw, Mal Kutner and Frank Polsfolt, expects one of the great battles of the season against the brilliant Browns.

The Los Angeles Rams, second highest scoring team in the league, with a passing attack that has rolled up 1,064 yards in four games, will meet the Lions, battling to retain its top standing in the National Conference.

Boxing World Expects Louis To Fight Again

NEW YORK, Oct. 14 (AP)—It looks as if Joe Louis is going to keep on fighting until he gets one more shot at his old heavyweight title.

From reliable sources, it was learned today the Brown Bomber is planning a series of big bouts which he hopes will earn him another crack at Champion Ezzard Charles.

If all goes well, the 36-year-old Louis may take on Argentina's Cesar Brion in Chicago in late November or early December, followed swiftly by appearances in Detroit and New York.

In Detroit, his probable opponent would be Lee Oma, the veteran contender from Buffalo. In New York's Madison Square Garden, he might face Rocky Marciano, the undefeated Brockton (Mass.) slugger.

Then, if victorious in all three, Louis would be primed to face Charles again in an outdoor fight in Yankee Stadium.

The prospects of a huge television-radio fee, far surpassing the \$146,000 shelled out for last month's Charles-Louis scrap, is one of the tempting lures for a Louis return.

Other possible foes include Lee Savold, British-recognized heavyweight king from Englewood, N. J., and Tommy Farr, the comebacking Welsh oldtimer.

Louis was not available today for his say on these reports, which came from those usually in the know. The Bomber attended a function in Norfolk, Va., last night.

But Welterweight Champion Ray Robinson, a close friend of Joe's, told the press at a Boston luncheon yesterday that Louis has been signed to meet Brion in Chicago Stadium Nov. 29. Sugar Ray said an official of the International Boxing Club had shown him a

Officers of the auxiliary of American Legion Post 70 were installed Wednesday night in the Post Home by Mrs. Ruth Sprouse, president of Auxiliary 4 of East Liverpool. Decorations were in keeping with Halloween.

Those assuming their posts were:

Mrs. Helen Leatherberry, president; Mrs. Margie Call, first vice-president; Mrs. Ruth Given, second vice-president; Mrs. Jennie Calhoun, chaplain; Mrs. Margaret McAdoo, secretary; Mrs. Pat Nelson, treasurer; Mrs. Ruth Barlow, sergeant-at-arms; Mrs. Betty Salsberry, corresponding secretary; Mrs. Dolores Excell and Mrs. Betty Rager, color bearers; Mrs. Isabel Hart, historian; Mrs. Jeannette Newbold, pianist; Mrs. Sam McConnell, publicity chairman, and Mrs. Genevieve Wolf, sick list chairman.

Mrs. Viola Weekley, retiring president, presented gifts to all outgoing officers and she received a gift from the auxiliary.

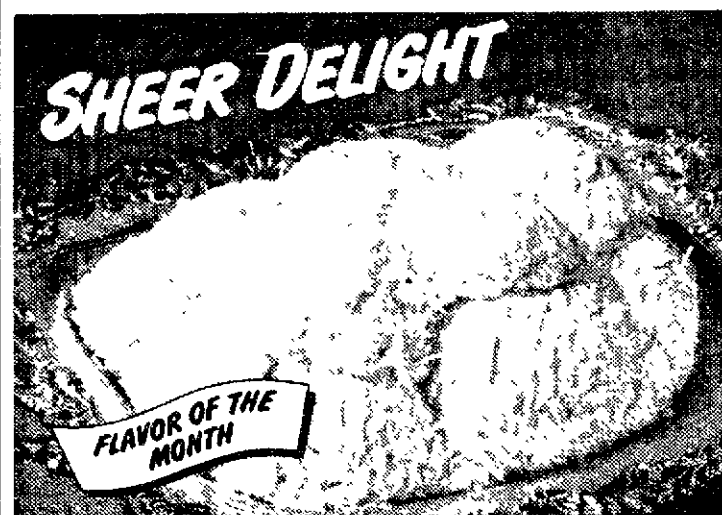

Honoring her approaching marriage, Miss Sandra Kountz was given a shower Thursday night by a group of friends who were entertained by Misses Jean Knepper and Anne Fraser at the Knepper home on Main St.

Miss Frazer and Miss Knepper will serve as bridesmaids when Miss Kountz becomes the bride of Kyle Baker of McConnellsville at an open church wedding Oct. 22 at 3 o'clock in the First Presbyterian Church.

Gifts for the honor guest were presented in a white umbrella trimmed with white and green crepe paper streamers. Canasta and other games were enjoyed. Lunch was served to 12 by Mrs. Raymond Knepper, mother of the co-hostess, assisted by the hostesses.

Two tables of 500 were in play when members of the Hillcrest Midnights Club met Thursday
